

THE STRENGTH OF TWO

Two Industry Leaders. Two Best in Class Family Safety Solutions.

In February of 2020, **Smith Micro acquired the Operator Business from Circle**. Circle will remain in the direct to consumer market with their family safety solutions.

New solution provides operators a **highly competitive, leading edge solution** that includes best of class family location and parental control solutions for iOS and Android.

The expanded SafePath family safety platform will offer operators a **superior user experience** with the **functionality that consumers want inside and outside of the home**.

Smith Micro adds **two important Tier One operators** in the US and England to their portfolio.

Smith Micro and Circle - **Leaders in the digital family safety space**.
